

EU DECLARATION OF CONFORMITY

SMARTIVE MINI SERVER

1. Product Name: **Smartive Mini Server**
2. Model Number: **SMS-1**
3. Manufacturer: **Apptive Kft, 9932 Viszák, Fő út, Hungary**
4. Authorized Person: **Gábor Szántó, Technical Director.**

Declaration

The manufacturer hereby declares under sole responsibility that the product described above complies with the essential requirements of the following EU directives and regulations:

- **2014/35/EU** – Low Voltage Directive (LVD)
- **2014/30/EU** – Electromagnetic Compatibility Directive (EMC)
- **2011/65/EU** – RoHS Directive (Restriction of Hazardous Substances)

Applied Standards

The following harmonized standards have been applied:

- **EN 62368-1:2014 + A11:2017** – Audio/video, information and communication technology equipment – Safety
- **EN 55032:2015** – Electromagnetic compatibility of multimedia equipment – Emission
- **EN 55035:2017** – Electromagnetic compatibility of multimedia equipment – Immunity requirements
- **EN IEC 61000-6-1:2019** – EMC – Immunity for residential environments
- **EN IEC 61000-6-3:2021** – EMC – Emission standard for residential environments
- **EN 50581:2012** – Technical documentation for RoHS

Product Description

The Smartive Mini Server (SMS-1) is a smart home control unit intended for indoor use, designed for low-voltage DC logic and switching of AC loads via integrated solid-state relays.

Key specifications:

- Operating voltage: 5 V DC, requires a minimum 15 W power supply
- SSR output: Max switching current 2 A, AC loads only

- Operating temperature range: -10°C to +50°C (typical)

This device is intended for smart home automation applications. It is designed so that live AC parts are properly insulated and inaccessible to the user.

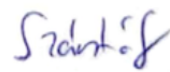

Additional Notes

This declaration becomes invalid if the product is modified without manufacturer approval.
